# INTRODUCTION
## and GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1959 edition of the Ahoskie City Directory, which also includes the rural routes emanating from the Ahoskie Post Office.

This is the first Hill Directory of Ahoskie and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Ahoskie's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ahoskie to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ahoskie Directory will fulfill its mission as a source of authentic information pertaining to the city.

### Five Major Departments

The five major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Ahoskie, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ahoskie, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major de-

partment, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this department are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, is the fourth major department, printed on blue paper.

V. THE AHOSKIE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

**Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ahoskie. There are more than 750 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## FACTS ABOUT AHOSKIE, NORTH CAROLINA

Ahoskie, the youngest incorporated town in Hertford County, and the center of Hertford County's commercial and industrial life, is located between the Roanoke and

Chowan Rivers, in the northeast section of North Carolina. The 1950 census showed a total population of 3,579. It is now estimated to between 5,500 and 6,000.

This progressive town, ever on the alert for new ideas for growth, is the largest town in Hertford County, and can readily claim the title of "The Trading Center of the Roanoke-Chowan Section."

The main economy is derived from a large surrounding farming area, with the chief crops being tobacco, cotton, corn and peanuts. The first tobacco market was established here in 1907, and the present market, one of the largest one-set buyer markets in eastern North Carolina, with 6 warehouses covering an area of 235,000 square feet, gives quite a financial boost to the area during the tobacco season.

Industry in Ahoskie is gradually replacing farming as the leading economy. Lumber and wood products lead in

**Ahoskie Manufacturing Company, one of Ahoskie's leading industries, makers of children's coats.**

employment. The manufacture of children's garments, and all types of pleasure craft boats are an important part of our industrial progress. Like people of other towns and cities, the people in Ahoskie are beginning to realize the need for more industry to suppliment the farm income, and we are making every effort to raise the standard of living and to encourage new industries to locate in this area.

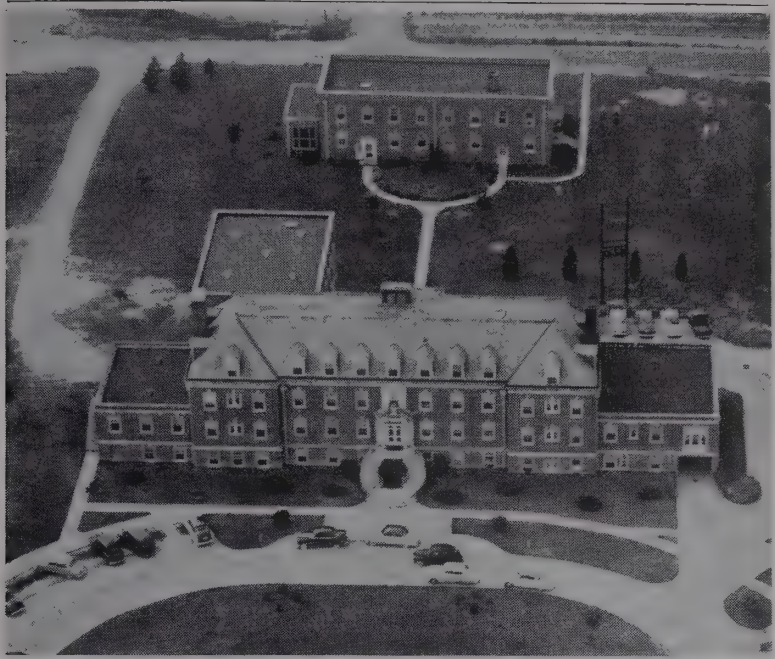
For a town of its size, Ahoskie is well favored with wholesale establishments, being one of the largest wholesale distributing points per population in the world. There are 7 wholesale houses here serving an area of more than 75 miles and employing between fifty and one hundred people each. The financial support from these firms adds quite a large sum to our income.

In keeping with its slogan, Ahoskie has a better than average quality of merchandise with 53 retail firms keeping pace with the modern trends. The store buildings are clean and progressive looking. Those who have not recently remodeled have repainted with bright cheerful colors. The theme is "Shop at home for quality and service."

Most important in the progress of this growing town are the many religious opportunities for its people. With its very beginning established with the coming of a church its people have not forgotten such a heritage. There are six Protestant denominations and one Roman Catholic church within the town limits, and a number of smaller churches in the surrounding area. The Protestant churches are: Baptist, Methodist, Presbyterian, Episcopal, Christian, Holiness, and Church of God.

Although not a rich county, Hertford as a whole is well advanced in modern education methods, and is proud that it

**Huge pile of timber on the yard at Barrow Manufacturing Company, ready to be dressed for material used in the many wood products made here.**



**The Roanoke-Chowan Hospital. Another wing has recently been completed on the north end. This makes it a 107 bed unit.**

ranks second in the State of North Carolina in scholastic rating. Ahoskie has a large accredited high school, a 10-room elementary school, with 10 additional classrooms in the final stages of completion, for white students, and an equally modern high school and elementary school for Negro students. Our high schools offer special courses and training in agriculture, home economics, industrial arts, business education, music and dramatics.

Complete hospital and medical facilities are available to the citizens of Ahoskie and surrounding area at the beautiful Roanoke-Chowan Hospital. Since its opening in 1948 with a 50-bed unit, it has expanded to 107 beds and 14 bassinets, with an adequate number of trained nurses. Seven of the 13 medical doctors on the hospital staff are specialists. There are 4 dentists and 2 optometrists with offices in Ahoskie. The Hertford County Health Department holds regularly scheduled clinics here each week, and an Orthopedic Clinic is sponsored every two weeks by the Ahoskie Kiwanis Club.

Accommodations for tourists are the Garrett Hotel, located in the business section of Ahoskie; the Chief Motel, with 21 modern air conditioned rooms, and adequate parking space; the Tomahawk Motel, Ahoskie's newest, most modern 24 room unit, is in the final stages of being completed.

Dining facilities are available at the Tomahawk Restaurant on Highway 13, North, across from the Tomahawk Motel. In the downtown area the Manhattan Cafe and Jimmie's Place are ready to serve noon and evening dinners.

Ahoskie has had the Town Manager form of government for almost a year and a half and it has been most effective. The governing body consists of: Mayor, five

Councilmen, and Town Manager, with the Councilmen and Mayor elected at large for two-year terms.

The financial status of Ahoskie is very good. The present bonded indebtedness is $360,000. A bond issue was passed in August of 1958 to make possible a much needed street improvement program, and to add another deep well to the town water system. This should take care of several years of expansion and growth. The present tax rate for the town is $1.70 per $100, based on 30% of true market value.

The town police force consists of 7 uniformed men. The patrol cars are fully equipped with two-way radios, and the State Highway Patrol maintains offices in a new building two miles from the corporate limits.

The town also maintains a volunteer Fire Department with 3 paid employees and twenty-five volunteer firemen, who man three pieces of modern equipment and a booster tank truck. The present insurance rate is 7.

Another interesting feature of Ahoskie is its number of active civic organizations, who are constantly working for the benefit of the community. Through their efforts we have a beautiful cemetery; a supervised summer recreation program, consisting of swimming classes, little league baseball teams, a large play area for small children with swings and sand boxes; a picnic area with outdoor fire places and tables; a large well-lighted high school athletic field with bleachers; an outstanding 70-member high school band; and many other worthwhile projects too numerous to mention.

Since 1923 Ahoskie has been very fortunate in having (most of the time) either a Chamber of Commerce or Board of Trade. The public spirit of the citizens connected with the different Chambers of Commerce and Boards of Trade have entered into and worked for all the improvements and developments of the town, and have been responsible for a great deal of its progress and growth. The efforts of those loyal men who have worked with these organizations in the past and those who are still working for the present and future of our town, will not have been in vain.

The present Chamber of Commerce is a most active and progressive organization. It serves not only its membership, but invites inquiries from both individuals and business firms. The Chamber takes pride in spreading the Ahoskie Story, and we are here to serve you.

**The National Guard Armory completed in August, 1954.**

Ahoskie is known far and wide, not only for its unusual name, but for its friendliness to strangers and its benevolence to the less fortunate. We extend a warm welcome to all, whether passing through, or seeking a place to live, work, trade or play. The people who have lived here know that its possibilities for future growth are unlimited. We are proud of our heritage from the past; we are ever conscious of the present; and are constantly planning for the future.

# CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

# MR. CITIZEN!

## *CORRECT INFORMATION IS VALUABLE TO YOU!*

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.**

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

## *If You Cash Checks for Others*

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence.* Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

## *If You Get Checks Cashed*

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

# A STATEMENT
## OF
# ADVERTISING PRINCIPLES

1. Good Advertising ~~ aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising ~~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Do your employers furnish you with the latest edition of the City Directory?

You need it at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# CASHIERS! TELLERS! CLERKS!

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# CASHIERS! TELLERS! CLERKS!

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# CASHIERS! TELLERS! CLERKS!

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against city Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

## 1959

Copyright, 1959, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

# CASHIERS! TELLERS! CLERKS!

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# CASHIERS! TELLERS! CLERKS!

**Do your employers furnish you with the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future — these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

# MR. CITIZEN!

## CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. **Your name, listed correctly in the City Directory, is a great asset.** This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

# CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

★

**Therefore your ad in the City Directory is seen by buyers from coast-to-coast**

# *CAUTION . . . .*

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.
